'To open' our hearts...

April comes from the Roman word Aprilis which means "to open." Therefore, this month recognize the opportunities in your life to open yourself up to God's grace and mercy. Through the resurrection, God promises hope and we should believe in his glory and accept the challenge to live our Christian faith. As our students did in Boston over Spring Break, open your eyes to the world around you and make an effort to serve your fellow brothers and sisters in Christ.

As Pope Benedict XVI journeys to the U.S., open your mind to understanding his papacy and truly venerating his role as the Vicar of Christ. Make the effort to open your lives to those around you, especially at the Newman Center; know we all share a love for Christ and his openness to sacrifice. As the end of the semester approaches, remember not to allow stress and apathy prevent you from opening your heart to God's will in your life.
